

VERY IMPORTANT: APPLY EARLY!

The affordable rents, nice neighbors as well as the diverse recreational facilities make our housing complexes very popular. We recommend that you apply for a place as early as possible. The best time is as soon as you know that Aachen or Jülich is a suitable place for you to study!

What you should definitely pay attention to:

- You can apply online via our application portal, which you can find on www.studierendenwerk-aachen.de.
- Admission or enrollment is not yet required for application.
- You will only have to present your study certificate.
- Your chance of finding a place increase if you are flexible about the time of moving in and what type of housing you want.
- Keep in mind that waiting times are long: These are around six month for a single room and usually a year for an apartment.
- In order to keep your place on the waiting list, it is important that you check back each month so we know that you are still interested.
